ANNEXURE- II

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INTRODUCTION

Sprayking Limited has rapidly emerged as a leading force in the brass parts manufacturing industry, specializing in a comprehensive range of products, including Brass Fittings, Brass Forging Equipment, Brass Transformer Parts, and a variety of Custom Brass Components. As the first listed company in the SME segment of the Bombay Stock Exchange (BSE) to manufacture 100% brass parts, Sprayking Limited takes immense pride in this pioneering achievement.

Established in the early 1980s, Sprayking Limited has carved out a significant niche in the brass manufacturing sector, thanks to its relentless focus on quality, innovation, and customer satisfaction. The company operates a modern, eco-friendly, and safety-focused infrastructure, providing a world-class workplace for its employees. By investing in state-of-the-art technology, best-in-class resources, and an unwavering commitment to precision, Sprayking Limited is well-positioned to pursue its vision of ranking among the top five brass parts manufacturers in India. This vision is driven by the company's superior technical expertise, commitment to sustainability, and emphasis on delivering high-quality products to global markets.

With a truly global presence, Sprayking Limited serves an esteemed clientele across the United States, Europe, Australia, Canada, South Africa, the UAE, and India. The company's extensive product offerings, combined with its robust technical knowledge and cutting-edge infrastructure, enable it to leverage decades of experience and expertise. This positions Sprayking Limited to capitalize on opportunities in international markets, consistently delivering products that meet the highest standards of quality and customization.

A landmark moment in the company's history occurred in 2016, when it transitioned from a Private Limited entity to a Public Limited company. This structural change marked a significant milestone in the brass industry, setting new benchmarks for excellence and corporate governance. The shift reinforced Sprayking Limited's commitment to transparency, accountability, and long-term growth, paving the way for its continued expansion and influence in the brass manufacturing sector.

Headquartered in Jamnagar, famously known as the Brass City of India, Sprayking Limited is strategically located in the heart of India's brass industry. This location, combined with the company's advanced manufacturing capabilities and a strong focus on sustainability, positions Sprayking Limited as a leader in the industry, both in terms of production capacity and environmental responsibility.

As a Public Shareholding Company, Sprayking Limited stands apart as the only listed entity in the SME segment of the BSE that deals exclusively with 100% brass as its processing material. This unique position allows the company to set new standards for product quality, customer service, and corporate growth, ensuring the simultaneous progress of all those associated with it—whether directly or indirectly.

With its strong foundation, global reach, and commitment to excellence, Sprayking Limited is poised to lead the brass manufacturing industry into the future, continuously setting new benchmarks and driving innovation on a global scale.

GLOBAL ECONOMIC OUTLOOK

After a challenging period of significant disruption, the global economy has rebounded strongly, supported by widespread vaccination and ongoing fiscal and monetary policies.

Agricultural Equipment Demand: There has been a notable increase in the demand for agricultural equipment, driven by rising commodity prices and favorable farm conditions. This trend is expected to continue as the sector remains robust and evolving.

Sustainability and Technological Advances: The industry is making progress in developing sustainable technologies aimed at reducing the carbon footprint of agriculture. Innovations in technology, including intelligent machines and autonomous vehicles, are expected to enhance efficiency and reduce environmental impact. However, adapting traditional agricultural management processes to incorporate new technologies is necessary for realizing these advancements fully.

Inflation Concerns: Political tensions and supply-demand imbalances have led to increased commodity prices and inflation in many countries. This persistent inflation is a significant concern for global economies and poses challenges to growth prospects.

Future Trends: The demand for agricultural equipment is projected to continue its growth, supported by long-term market fundamentals. Technological advancements and mechanization will play crucial roles in meeting the future needs of global agriculture.

INDUSTRY STRUCTURE AND DEVELOPMENTS

India brass bars market is projected to grow at a healthy CAGR during the forecast period of 2021-2027. Brass bar has wide applications in various sectors such as automotive, electrical & electronics, industrial machinery and hardware, and others. The increasing demand for automobiles across India is likely to boost the production of automobile components which in turn will drive the growth of brass bars market over the forecast period. Furthermore, growing trends towards sustainable energy sources are expected to create opportunities for manufacturers of brass components used in renewable energy generation technologies such as wind turbines and solar systems. Additionally, rising investments by government towards infrastructure development projects have also contributed towards increasing demand for brass products including rods and bars from construction sector thus driving the growth of India's brass bars market through 2027.

The global brass market is expected to grow significantly over the coming years. Key players in the market are actively developing strategies and forming collaborations to address competition. Reports provide a detailed view of the market by examining revenue, pricing, and production trends from leading manufacturers. These insights help in understanding the market dynamics and the presence of different players in the industry. Additionally, the reports offer an overview of successful marketing strategies, contributions, and recent developments of major companies, along with a review of their historical and current performance. Various analytical methods are employed to deliver a comprehensive understanding of the brass market.

AGRICULTURAL SPRAYER PARTS & GARDEN FITTINGS

DRIVERS OF THE MARKET:

The major drivers contributing to rising demand for India brass bars include increased use in manufacturing processes due to its excellent machinability property; its resistance against corrosion; good electrical conductivity; thermal stability & strength; high temperature oxidation properties; superior wear resistance leading low maintenance costs over time and availability at affordable prices compared with other alloys that contain copper or zinc like stainless steel or bronze respectively. Increasing trend towards electric vehicles also fuel up the requirement of electric equipment parts made up from materials having superior properties such as that provided by brasses which further drives their usage into automotive industry thereby influencing overall growth rate positively during forthcoming years ahead till 2027 end.

CHALLENGES OF THE MARKET:

The primary challenge faced by players involved into India's brass rod/bar segment is price fluctuation associated with raw material inputs required while manufacturing them due to their dependence on imports from international markets which makes it difficult for companies operating within this sector maintain consistent prices throughout different economic cycles affecting their profitability margins significantly if left unchecked or unadjusted accordingly as per changes occurring at global front regularly so as sustain positive cash flows going forward.

TRENDS OF THE MARKET:

Brass bar manufacturers today are increasingly investing resources toward developing advanced processing techniques involving laser cutting operations primarily targeted toward reducing wastage levels along with achieving precision engineering requirements demanded by clients looking forward buying finished products meeting exact specifications desired without any compromise on quality standards established earlier necessitating improved operational capabilities while keeping costs under control simultaneously thus allowing business organizations maximize returns achieved out every hour spent working upon same projects ranging between short term & long term both when needed depending upon need arising currently prevailing situation encountered currently witnessed mostly.

OPPORTUNITIES AND THREATS IN THE BRASS MANUFACTURING INDUSTRY

Sprayking Limited operates in a vibrant and expanding brass manufacturing industry, where opportunities for global growth, sustainability initiatives, and technological advancements are substantial. As a pioneering listed company on the Bombay Stock Exchange with a robust global presence, the company is well-positioned to leverage both domestic and international market developments. However, to sustain its competitive advantage, it must address challenges such as fluctuating raw material prices and intense market competition, all while continuously driving innovation.

OPPORTUNITIES

- Global Market Expansion:** The brass manufacturing industry has significant potential for global growth. The increasing demand for high-quality brass components in developed regions like the United States, Europe, and Australia, as well as emerging markets in Asia, Africa, and Latin America, presents a substantial opportunity. Companies that have established export capabilities can leverage new partnerships and distribution channels to capture a larger share of these markets.
- Technological Advancements in Manufacturing:** Advances in **Industry 4.0** technologies, such as automation, robotics, and smart manufacturing, offer brass manufacturers the chance to enhance efficiency, reduce costs, and increase production precision. The adoption of these technologies allows manufacturers to meet the rising demand for customized and high-quality products while remaining competitive on a global scale.
- Focus on Sustainability and Eco-Friendly Practices:** With stricter global environmental regulations, there is a growing demand for eco-friendly production methods. Manufacturers investing in **sustainable practices**, such as energy-efficient processes and recyclable materials, are well-positioned to attract environmentally conscious clients and comply with international standards, especially in regions with stringent environmental requirements.
- Rising Demand in Key Sectors:** The demand for brass components is expanding across various industries including **automotive, electrical, plumbing, and renewable energy**. The automotive sector requires durable brass fittings, while the renewable energy sector uses brass in solar and wind energy systems. The ongoing global infrastructure boom further drives the need for brass products, creating growth opportunities.
- Government Support for Domestic Manufacturing:** Initiatives like **"Make in India"** and other government subsidies and incentives for domestic manufacturing can boost the brass manufacturing sector. These policies help companies expand their operations, improve capabilities, and increase market share by offering tax breaks, subsidies, and export benefits.
- Niche Markets and Customization:** There is a growing trend towards **specialized, custom-made brass components** in industries such as aerospace, defense, electronics, and healthcare. Companies offering

precision engineering and custom solutions can serve niche markets that require tailored brass products, addressing specific technical needs and enhancing their market position.

7. **Strategic Alliances and Partnerships:** Forming alliances or joint ventures with global distributors or manufacturing firms can help expand product ranges, improve technical capabilities, and enter new geographical markets. These strategic partnerships provide access to new technologies, resources, and reduced operational risks.
8. **Agricultural Machinery Market Growth:** In India, government commitment towards rural development through agro-mechanization and subsidies on agricultural equipment can stimulate the agricultural machinery market. This shift towards mechanized farming, driven by labor shortages and the need for increased productivity, presents additional opportunities for manufacturers in the agricultural sector.

THREATS

1. **Intense Competition from Global and Local Players:** The brass manufacturing industry faces intense competition from both domestic and international players, particularly from countries like China and Southeast Asia, where manufacturing costs are lower. This competitive pressure necessitates continuous innovation and competitive pricing while maintaining high quality.
2. **Fluctuations in Raw Material Prices:** Brass is an alloy of copper and zinc, both of which are subject to global price fluctuations. Changes in supply and demand, geopolitical tensions, and commodity market dynamics can lead to sharp increases in the cost of these raw materials, impacting profitability and potentially necessitating higher product prices.
3. **Stringent Environmental Regulations:** The increasing imposition of environmental regulations requires manufacturers to invest in compliance measures related to waste management, pollution control, and carbon emission reductions. These regulations can lead to higher operational costs and pose a risk of fines or penalties for non-compliance.
4. **Economic Slowdowns and Global Instability:** Economic downturns, geopolitical instability, and global supply chain disruptions can negatively affect demand for brass components. Events such as recessions, trade tensions, and pandemics can disrupt operations and impact international trade, particularly for companies heavily reliant on global markets.
5. **Supply Chain Disruptions:** Disruptions in the supply chain for raw materials, such as copper and zinc, can result from factors like natural disasters, political unrest, or logistical issues. These disruptions can lead to production delays, increased costs, and challenges in meeting customer demand, especially for companies dependent on imported materials.
6. **Technological Obsolescence:** As new technologies and materials emerge, there is a risk of technological obsolescence for companies that fail to keep up with advancements. Competitors who invest in cutting-edge technology may gain a significant edge in terms of efficiency, product quality, and cost reduction.
7. **Currency Exchange Rate Volatility:** Fluctuations in foreign exchange rates can affect profit margins for companies engaged in international trade. An appreciation of the local currency against major currencies like the US dollar or Euro can make products more expensive and reduce competitiveness in foreign markets.
8. **Evolving Customer Demands and Market Trends:** The increasing demand for **customized, high-precision products** with shorter lead times requires manufacturers to continually invest in research, development, and technology. Companies that cannot meet evolving customer expectations may lose business to more agile and innovative competitors.
9. **Challenges in Agricultural Machinery Market:** Despite the growth potential, the agricultural machinery market in India faces challenges such as the limited farm size, which restricts the use of heavy equipment, and poor aftersales service. Additionally, traditional farming tools still dominate in many areas, deterring the growth of the agricultural machinery sector.

In summary, the brass manufacturing industry offers numerous opportunities for growth through global expansion, technological advancements, and sustainability. However, manufacturers must navigate significant threats including competition, raw material price volatility, regulatory pressures, and evolving market trends to maintain their competitive edge and achieve long-term success.

MANUFACTURING PROCESS

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE.

The Company is engaged in the business of brass parts manufacturing industry, specializing in a comprehensive range of products, including Brass Fittings, Brass Forging Equipment, Brass Transformer Parts, and a variety of Custom Brass Components, accordingly this is the only single reportable segment.

HUMAN RESOURCES/INDUSTRIAL RELATIONS

The company recognizes and values the commitment, competence, and dedication of its employees across all areas of business. It is dedicated to nurturing, developing, and retaining top talent by investing in employee growth, including technical skills, domain expertise, and leadership capabilities. To maintain its leadership position, the company continually adapts its Human Resource (HR) strategy to address evolving employee needs.

The company is proactive in ensuring employee safety, having implemented regular safety audits, provided machine safety training, and mandated the use of protective equipment.

As of March 31, 2024, the company employed a total of seven individuals, including factory workers. The company remains committed to creating opportunities and ensuring the recruitment of diverse candidates while upholding principles of meritocracy.

RISKS AND CONCERN

Risk is an integral part of the business and we aim at delivering superior shareholder value by achieving an appropriate balance between risks and returns is subject to continuously evolving legislative and regulatory environment due to increasing globalization, integration of world markets, newer and more complex products & transactions and an increasingly stringent regulatory framework.

Our senior management identifies and monitors the risks on an ongoing basis and evolves processes/systems to monitor and control the same to contain the risks to minimum levels. Periodic monitoring by our officials helps in identifying risks in early stage. If required, a risk event update report is periodically placed before the Board of Directors of the Company.

Regulatory framework, focused on maintaining controls on domestic businesses but even inadvertently creating more favorable regulatory environment for global entities operating in India is a matter of concern. We actively participate in dialogue in industry bodies and with regulators to point these out and to recommend appropriate changes.

ADEQUACY OF INTERNAL CONTROLS

The company maintains a robust system of internal controls designed to ensure the safeguarding of assets and protection against unauthorized use or loss. This system also guarantees that all transactions are properly authorized, recorded, and reported accurately.

To support this, independent internal auditors conduct comprehensive audits that cover a wide range of operational aspects. These audits ensure compliance with established standards and provide an additional layer of oversight, helping to uphold the integrity and effectiveness of the company's internal control system.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has established comprehensive Internal Control Systems and Procedures covering the procurement of stores, raw materials, components, plant and machinery, equipment, and the sale of goods and other assets. These systems are designed to ensure effective management and oversight in these critical areas.

Roles and responsibilities are clearly defined for all managerial positions, and operating parameters are rigorously monitored and controlled. The company's accounting and internal control systems are designed to provide reasonable assurance that assets are protected from unauthorized use or loss. Additionally, these systems ensure that financial records are accurate and reliable for preparing financial statements and maintaining accountability for assets. This framework supports both operational efficiency and financial integrity.

- **Person who conducted the aforesaid postal ballot exercise:**

The Board of Directors had appointed M. Rupareliya & Associates, Practicing Company Secretary (ACS 51422, CP 18634), as the Scrutiniser to conduct the Postal Ballot only through the remote e-Voting process and for scrutinising the votes cast therein, in a fair and transparent manner.

- **Procedure for Postal Ballot:**

In compliance with the provisions of Sections 108 and Section 110 and other applicable provisions of the Act, read with the Rules framed thereunder and the General Circular Nos. 14/2020 dated 8th April 2020, 17/2020 dated 13th April 2020, 10/2021 dated 23rd June 2021, 03/2022 dated 5th May 2022, 11/2022 dated 28th December 2022, 09/2023 dated 25th September 2023 and other relevant circulars and notifications issued by the Ministry of Corporate Affairs, the Company provided only remote e-Voting facility to its Equity Shareholders to enable them to cast their votes electronically. The facility for voting through ballot paper is also available and the members who have not cast their vote by remote e-voting may exercise their right through ballot paper.

The Company engaged the services of NSDL for facilitating remote e-Voting to enable the Members to cast their votes electronically.

The Company sent the Postal Ballot Notice in electronic form only to those Equity Shareholders whose names appeared in the Register of Members/List of Beneficial Owners as received from NSDL and CDSL and whose e-mail addresses were available with the Company/Depositories/the Depository Participants/the Company's Registrar and Share Transfer Agent as on the cut-off date.

Voting rights were reckoned on the paid-up value of the shares registered in the names of the Members as on the cut-off date. Members who desired to exercise their votes by electronic mode were requested to vote before close of business hours on the last date of e-Voting.

The Scrutiniser, after the completion of scrutiny, submitted his report and the consolidated results of the Postal Ballot through remote e-Voting were announced by the Company Secretary. The results are displayed on the website of the Company, www.sprayking.com besides being communicated to the stock exchanges, depository and Registrar and Share Transfer Agent.

The resolutions are deemed to have been passed on the last date specified for receipt of votes through remote e-

Voting process.

**TO MEMBERS OF
SPRAYKING LIMITED
(Formally Known as Sprayking Agro Equipment Ltd)**

Report on the Indian Accounting Standards (Ind AS) Financial Statements

Opinion

We have audited the accompanying financial statements of **Sprayking Limited**, which comprise the Balance Sheet as at **31st March, 2024**, and the Statement of Profit and Loss (Including Other Comprehensive Income) and Cash Flow Statement and the statement of Changes in Equity for the period ended, and a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in

the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters Reportable as per SA 701 issued by ICAI.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern

and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

**ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT ON THE
FINANCIAL STATEMENT OF SPRAYKING LIMITED FOR THE YEAR ENDED
31ST MARCH 2024**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **SPRAYKING LIMITED**. ('the Company') as of 31st March, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Opinion

We have audited the internal financial control with reference to financial statement of **SPRAYKING LIMITED**. ("The Company") as of **31st March 2024** in conjunction with our audit of the financial statement of the company at and for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR YEAR ENDED ON 31ST MARCH 2024

Note: - 1 Significant accounting policies:

1.0 Corporate Information

SPRAYKINGLIMITED is a Limited Company, incorporated under the provisions of Companies Act, 1956 and having CIN: L29219GJ2005PLC045508. The Company is mainly engaged in the business of Trading & Exporting of Brass items like Brass sanitary fitting, Brass Agricultural item etc. The Registered office of the Company is situated at Plot No 237/B, Shop No. 4, GIDC, Phase II, Dared, Jamnagar - 361005.

1.1 Basis of preparation of financial statements

a. Accounting Convention: -

The financial statements have been prepared in accordance with Section 133 of Companies Act, 2013, i.e. Indian Accounting Standards ('Ind AS') notified under Companies (Indian Accounting Standards) Rules 2015. The Ind AS Financial Statements are prepared on historical cost convention, except in case of certain financial instruments which are recognized at fair value.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Part I of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

b. Functional and Presentation Currency

All amounts disclosed in the financial statements and notes are rounded off to lakhs the nearest INR rupee in compliance with Schedule III of the Act, unless otherwise stated.

The functional and presentation currency of the company is Indian rupees. This financial statement is presented in Indian rupees. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

c. Compliance with Ind AS

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

d. Use of Estimates and Judgments

The preparation of the Ind AS financial statements in conformity with the generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenue and expenses for the year and disclosure of contingent liabilities and contingent assets as of the date of Balance Sheet. The estimates and assumptions used in these Ind AS financial statements are based on management's evaluation of the relevant facts and circumstances as of the date of the Ind AS financial statements. The actual amounts may differ from the estimates used in the preparation of

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

the Ind AS financial statements and the difference between actual results and the estimates are recognized in the period in which the results are known/materialize.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in future periods affected.

Particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial Statement are as below:

1. Evaluation of recoverability of deferred tax assets/Liabilities;
2. Useful lives of property, plant and equipment and intangible assets;
3. Provisions and Contingencies;
4. Provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions;
5. Recognition of Deferred Tax Assets/Liabilities
6. Valuation of Financial Instruments;

e. Current versus Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset / liability is treated as current when it is:-

- i. Expected to be realized or intended to be sold or consumed or settled in normal operating cycle.
- ii. Held primarily for the purpose of trading.
- iii. Expected to be realized / settled within twelve months after the reporting period, or,
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- v. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

1.2 ACCOUNTING POLICIES:

(A) Property, Plant and Equipment

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Cost includes purchase price, non-recoverable taxes and duties, labour cost and direct overheads for self-constructed assets and other direct costs incurred up to the date the asset is ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation is provided on the Written Down Value method (W.D.V.) over the estimated useful lives of the assets considering the nature, estimated usage, operating conditions, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support. The Company provides pro-rata depreciation from the day the asset is put to use and for any asset sold, till the date of sale.

Projects under commissioning and other Capital work-in-progress are carried at cost comprising of direct and indirect costs, related incidental expenses and attributable interest. Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

An item of property, plant and equipment is derecognized on disposal. Any gain or loss arising from derecognition of an item of property, plant and equipment is included in profit or loss.

(B) Intangible Assets

Intangible assets are stated at cost of acquisition net of recoverable taxes, accumulated amortization, and impairment losses, if any. Such costs include purchase price, borrowing cost, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and cost can be measured reliably.

The amortisation period for intangible assets with finite useful lives is reviewed at each year-end. Changes in expected useful lives are treated as changes in accounting estimates.

Internally generated intangible asset Research costs are charged to the statement of Profit and Loss in the year in which they are incurred.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

The cost of an internally generated intangible asset is the sum of directly attributable expenditure incurred from the date when the intangible asset first meets the recognition criteria to the completion of its development.

Product development expenditure is measured at cost less accumulated amortization and impairment, if any. Amortization is not recorded on product in progress until development is complete.

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

(C) Impairment of assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

(D) Leases

As a lessee

The Company has applied IND AS 116 using the partial retrospective approach.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Lease Liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

As Lessor:

At the inception of a lease, the lease arrangement is classified as either a finance lease or an operating lease, based on contractual terms & substance of the lease arrangement. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

(E) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

The Company is operating in single business segments. Hence, reporting requirement of Segment reporting is not arise.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

(F) Statement of Cashflow

Cash Flows of the Group are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a noncash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing Cash Flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(G) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and highly liquid investments with an original maturity of up to three month that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

(H) Inventories

Inventories includes raw material, semi-finished goods, stock -in -trade, finished goods, stores & spares, consumables, packing materials, goods for resale and material in transit are valued at lower of cost and net

Raw Material and Components - Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. value Cost is determined on First-In-First-Out basis.

Finished/Semi-Finished Goods - Cost includes cost of direct material, labor, other direct cost (Including variable costs) and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on First-In-First-Out basis.

Stock-in-trade - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and conditions. Cost is determined on First-In-First-Out basis.

Stores, Spare Parts, Consumables, Packing Materials etc. - Cost is determined on on First-In-First-Out basis.

Goods for Resale – valuation Cost is determined on First-In-First-Out basis.

Realizable Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Adequate allowance is made for obsolete and slow-moving items.

(I) Foreign Currency Transactions

i) Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

ii) Subsequent Recognition

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

All monetary assets and liabilities in foreign currency are restated at the end of accounting period. Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

Any subsequent events occurring after the Balance Sheet date up to the date of the approval of the financial statement of the Company by the board of directors on **30th May, 2022** have been considered, disclosed and adjusted, if changes or event are material in nature wherever applicable, as per the requirement of Ind AS .

(J) Income Taxes

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the Other Comprehensive Income or in Equity. In which case, the tax is also recognized in Other Comprehensive Income or Equity.

I. Current tax: -

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

II. Deferred tax:-

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements.

Deferred tax asset is recognized to the extent that it is probable that taxable profit will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

(K) Provisions and Contingencies

Provisions:

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are discounted to its present value as appropriate.

Contingent Liabilities:

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability.

(L) Revenue recognition

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the Company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

- i. Identification of contract(s) with customers;
- ii. Identification of the separate performance obligations in the contract;
- iii. Determination of transaction price;
- iv. Allocation of transaction price to the separate performance obligations; and
- v. Recognition of revenue when (or as) each performance obligation is satisfied.

(M) Other income:

Interest: Interest income is calculated on effective interest rate, but recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend: Dividend income is recognised when the right to receive dividend is established.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

(N) Finance Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. based on borrowings incurred specifically for financing the asset or the weighted average rate of all other borrowings, if no specific borrowings have been incurred for the asset.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

(O) Earnings per share (EPS):

Basic EPS is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted EPS, the net profit or loss for the period attributable to equity shareholders and the weighted average number of additional equity shares that would have been outstanding are considered assuming the conversion of all dilutive potential equity shares. Earnings considered in ascertaining the EPS is the net profit for the period and any attributable tax thereto for the period.

(P) Employee benefits

i. Provident Fund

Retirement benefit in the form of Provident Fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense when an employee renders the related service.

ii. Gratuity

Gratuity is in the nature of a defined benefit plan. Provision for gratuity is calculated on the basis of actuarial valuations carried out at balance sheet date and is charged to the statement of profit and loss. The actuarial valuation is performed using the projected unit credit method. Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

(Q) Fair Value Measurement:

The Company measures financial instruments such as investments in quoted share, certain other investments etc. at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(R) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets:

Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables and other specific assets are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- i. The entity's business model for managing the financial assets and
- ii. The contractual cash flow characteristics of the financial asset.

De-recognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Sprayking Ltd

NOTES FORMING PART OF FINANCIAL STATEMENTS

Financial Liabilities:

Initial Recognition and Subsequent Measurement

All financial liabilities are recognised initially at fair value and in case of borrowings and payables, net of directly attributable cost. Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments. Changes in the amortised value of liability are recorded as finance cost.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

INDEPENDENT AUDITOR'S REPORT

**TO MEMBERS OF
SPRAYKING LIMITED
(Formally Known as Sprayking Agro Equipment Ltd)**

Report on the Indian Accounting Standards (Ind AS) Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Sprayking Limited**, (hereinafter referred to as the 'Holding Company') and its subsidiary company **Narmadesh Brass Industries Limited** which comprise the Consolidated Balance Sheet as at **31st March, 2024**, and the Statement of Consolidated Profit and Loss (Including Other Comprehensive Income) and Consolidated Cash Flow Statement and the statement of Changes in Equity for the period ended, and a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters Reportable as per SA 701 issued by ICAI.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the Consolidated Financial Statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of

the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated Financial Statement of Subsidiary Company have been audited by us, whose financial statements reflect total assets of 822.95 lakhs as at 31st March, 2024, total revenues of 3996.38 Lakhs for the year ended on that date, as considered in the consolidated financial statements.

Our opinion on the consolidated, and our report on legal and Regulatory Requirement below, is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "**Annexure A**", a statement on the matter specified in the paragraph 3 and 4 of the Order.

**ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT ON THE
CONSOLIDATED FINANCIAL STATEMENT OF POOJAWESTERN METALIKS
LIMITED FOR THE YEAR ENDED 31ST MARCH 2024**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial Controls Over Financial Reporting Of **Sprayking Limited.** ('the Company') as of 31st March, 2024 in conjunction with our audit of the Ind AS Consolidated Financial Statements of the Company for the year ended on that date.

Opinion

We have audited the internal financial control with reference to financial statement of **Sprayking Limited.**(“The Company”) and its Subsidiary company **Narmadesh Brass Industries Limited** as of **31st March 2024** in conjunction with our audit of the financial statement of the company at and for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
